Call For Workshop Presenters

Thank you for responding to the call for presenters. Relevant and well-presented workshops are the center of a successful conference that attracts members and delivers the experience they expect. Presenter selections are based on a variety of factors – the most important of those are 1) quality content that is valuable and usable by attendees, 2) a presentation that is captivating, motivating, and easily understandable, 3) content that appeals to the broad conference audience, and 4) ability to adhere to the 45 minute session time. There are more applications than opportunities, so it is vital that you fill out this form with sufficient detail to allow the Selection Committee to evaluate your proposal. If selected, you will be asked to provide a more detailed outline and a photo and bio for marketing. We also ask that you deliver your full presentation two times at Toastmasters meetings to enable you to receive feedback that can be integrated prior to the conference.

Potential presenters are particularly encouraged to submit proposals for workshops connected with the theme of the 2016 Fall Conference: “Celebrating our Freedom of Speech”
